

Coating with ease

3M™ Scotchkote™ Manual Coating Applicator

The 3M™ Scotchkote™ Manual Coating Applicator is a high-performance tool that can be used to easily apply 3M™ Scotchkote™ Liquid Epoxy Coating 323 or 3M™ Scotchkote™ Polyurethane Protective Coating 352. Not all jobs are big and while this system can be used for many different coating applications, it is especially helpful for use in patching, small repair and small diameter girthwelds. It is designed to be quick and easy, no measuring or mixing is needed, just pick it up and go.

3M™ Scotchkote™ Manual Coating Applicator

Use the 3M™ Scotchkote™ manual applicator with the following liquid coating:

3M™ Scotchkote™ Liquid Epoxy Coating 323

- Two-part system designed to protect steel pipe and other metal
- Ideal for all areas where corrosion protection is needed
- Excellent adhesion
- Low VOCs
- Color matched to 3M powder coatings

3M™ Scotchkote™ Polyurethane Protective Coating 352

- Two-part system designed to protect steel pipe and other metal
- Designed to protect buried steel structures
- Can be applied in cold temperatures
- Performs in difficult conditions that require fast turn around times
- Low VOCs
